

On-Wafer Users' Forum 2018 IMS week/91th ARFTG in Philadelphia

Date: 5:00pm - 6:30pm Thursday 14th of June 2018.

Location: room Regency A Lowes Hotel

For those of you who are new to us, we are an informal discussion group devoted to sharing information and issues related to the on-wafer measurement and calibration practices. The Forum is also a platform to define workgroups and gather experts in the field to progress the field of on-wafer measurements and calibrations.

Agenda:

- 17:00-17:10 Introduction *Andrej Rumiantsev, Mpi corporation*
- 17:10-18:30 Kick-off On-Wafer Measurement and calibration standard working groups
All participants

We are looking forward to seeing you in Philadelphia.

Andrej
