

The comb generator phase reference

Moderators:

Kate Remley and Paul Hale
NIST, Boulder, Colorado, USA

- Comb generator (CG) technologies
- Short/long term (CG) stability
- Practical aspects of measuring a phase reference
 - Γ of a comb generator?
- Comb generator calibration/traceability (or lack of...)
- Use of a CG to calibrate another CG
- Uncalibrated CGs of NVNA measurements
- File formats for calibration data
- ...Other topics??
